HB 2594 by Representatives Edwards, Schmidt, Lovick, O'Brien, Miloscia, Barlean, Pearson and Dunshee

Adjusting the relationship between a public transportation benefit area and a city.

Provides that, if a public transportation benefit area and a city both operate a public transportation system within a county having a population over one hundred fifty thousand, the county shall submit a ballot proposition asking whether the public transportation benefit area shall acquire the city's public transportation system. The county must hold an election on this question on or before September 30, 2003.

Provides that, if the electorate votes against acquisition of the city's public transportation system, effective January 1, 2004, the city will pay the public transportation benefit area for the services rendered its citizens as required by RCW 36.57A.130. This obligation continues until such time as the public transportation benefit area acquires the city's public transportation system.

Provides that, if a public transportation benefit area and a city both operate a public transportation system within a county with a population over one hundred fifty thousand, the city will pay the public transportation benefit area: (1) The average subsidy per passenger of the public transportation benefit area multiplied by the number of unlinked passenger trips made by that city's residents on the public transportation benefit area transportation system; plus

(2) The depreciation expenses of the public transportation benefit area, divided by the combined population of the public transportation benefit area and the city, multiplied by the population of the city.

SB 6575 by Senator Hargrove

Concerning the designation of certain lands as natural area preserves or natural resource conservation areas.

Authorizes the department to establish by rule and regulation the criteria for selection, acquisition, management, protection, and use of such natural areas, including: (1) Limiting public access to natural areas consistent with the required protection of critical natural elements. Where appropriate, a buffer zone with a higher level of public access must be created around the environmentally sensitive areas;

(2) Developing a management plan for each designated natural area. The plan must identify the significant resources to be conserved consistent with the purposes of this chapter and identify the areas with potential for low-impact public and environmental educational uses.

Requires the plan to specify the types of management activities and public uses that are permitted, consistent with the preservation purposes of this act. The department must make the plans available for review and comment by the public, the natural heritage advisory council, and other state, tribal, and local agencies, prior to final approval by the commissioner.

Recognizes that an advance directive can be an essential tool for a person to express his or her choices before the effects of mental illness deprive the person of the power to express his or her instructions and preferences for mental health treatment.

Affirms that, pursuant to other provisions of law, a mental health advance directive created under this act should be respected by medical and mental health professionals, guardians, attorneys-in-fact, and other surrogate decision makers acting on behalf of the person who created it.

-- 2002 REGULAR SESSION --

Jan 22 First reading, referred to Human Services & Corrections.

SB 6590 by Senators McAuliffe, Rossi and Kohl-Welles

Improving K-12 preparedness and performance through promoting better oral health.

Declares that measures such as oral health screenings and access to oral health disease prevention methods should be readily available to children in a variety of health care settings, including dental, medical clinic, and family physician settings. If prevention methods are employed, there will be substantial savings to the state's overburdened health care system.

Encourages the superintendent of public instruction, the department of health, and the department of social and health services to collectively and collaboratively develop a plan that promotes age appropriate oral health screenings and preventive services at age one and at age five, or before entering a public or private school setting. The departments may report to the legislature on their findings and recommendations.
